MESSAGE FROM THE FOUNDER

Emanating from a burden for excellence in Christian scholarship and a desire to see Spiritual and intellectual maturity in the body of Christ, God has directed me to start the Ebenezer Bible Institute. This school exists exclusively for the study, practice, and teaching of the Bible as the Word of God and the only authority for Christian dogma and holy living.

For the student at Ebenezer Bible Institute, I will be your Pastor, teacher, and mentor. Along with my co-laborers in this endeavor, I seek to impart to you the truths of God, which will enhance your Christian journey.

I exhort you not to take this step lightly, rather, view it as a challenge! A challenge that will enhance and redirect your future if you persevere and remain committed.

I congratulate you on the bold step you have taken for the Lord, and it is my earnest prayer that His divine guidance will sustain you in this new venture.

Special thanks to the faculty and staff for your unselfish giving and unwavering support of the vision and mission of the school. Your invaluable contribution to the needs of students and consistent dedication to your classes will result in eternal rewards.

We know for sure, the school and all it does would never be possible without the help and gracious guidance of Almighty God. So, to Him be all the glory, praise, and honor both now and forever. Amen.

Vision/Motto

ANSWERING THE CALL
So That They Can Answer the Call

Mission Statement

Ebenezer Bible Institute seeks to provide a concentration of biblical and theological studies, as well as practical church and family training, to ministers and lay persons to prepare them for service in the Kingdom of God.

Our Immediate and Long-Term Goals

Reaching People for Christ
(1 Corinthians 15:3-5)

Teaching the Word of God
(2 Timothy 2:15)

Supporting the Local Church and Pastor
(1 Timothy 3:15, 1 Thessalonians 5:12-13)

Training Missionaries for Service at
Home and Abroad
(Acts 1:8)

Statement of Faith

WE BELIEVE:

1. In the verbal inspiration of the Bible.
2. In one God eternally existing in three persons, namely the Father, the Son, and the Holy Spirit.
3. That Jesus Christ is the only begotten Son of the Father, conceived of the Holy Spirit, and born of the Virgin Mary. That Jesus was crucified, buried, and raised from the dead. That He ascended to heaven, and is today, at the right hand of the Father as the Intercessor.
4. That all have sinned and come short of the glory of God and that repentance is commanded of God for all and necessary for forgiveness of sins.
5. That justification, regeneration, and the new birth are wrought by faith in the blood of Jesus Christ.
6. In sanctification subsequent to the new birth through faith in the blood of Christ through the Word and by the Holy Spirit.
7. Holiness to be God's standard of living for His people.
8. In the baptism with the Holy Spirit subsequent to a clean heart.
9. In speaking with other tongues as the Spirit gives utterance and it is the initial evidence of the baptism of the Holy Spirit.
10. In water Baptism by immersion and all who repent should be baptized in the name of the Father, and of the Son, and of the Holy Spirit.
11. Divine healing is provided for all in the atonement.
12. In the Lord's Supper and washing of the Saint's feet.
13. In the pre-millennial second coming of the Lord Jesus. First, to resurrect the righteous dead and to catch away the living saints to Him in the air; and second, to reign on the earth a thousand years.
14. In the bodily resurrection, eternal life for the righteous, and eternal punishment for the wicked.

Statement of Purpose

Ebenezer Bible Institute exists to provide Christian education primarily for Christians who have experienced a call to the ministry. The Institute seeks to develop the student in four areas: Spiritually, Intellectually, Socially, and Physically. The curriculum is geared toward providing the tools necessary for Christian service. Upon successful completion of the program, the student will achieve the following:

1. A well-rounded Christian life that is consistent with the Word of God as he or she develops a deeper understanding of the power of the Gospel through prayer, personal study of the Scriptures, worship, and service.
2. A comprehensive knowledge and accurate understanding of the Bible as the infallible Word of God.
3. A life fully committed to God with the Bible as the basis for conduct and Christian maturity.
4. Knowledge and practical skills necessary to communicate the gospel to mankind to build up the community of God's people.

Philosophy of Education

Ebenezer Bible Institute believes that God gives all truth and the capacity for knowledge. A Christian, therefore, is expected to show himself approved unto God. The Institute believes that true knowledge is in harmony with the Bible, and the Bible is God's revelation to man. Further, the biblical account of creation, man, and redemption is accurate, and the Bible is fundamental to all Christian education.

The philosophy of education as perceived by Ebenezer Bible Institute is that the educational process should be geared toward the development of the total personality, body, mind, and spirit. It provides the basis for the formation of Christian character and the standard for a right relationship with God and with one's fellow man.

The Ebenezer Bible Institute is committed to the Evangelical, Pentecostal, and Holiness faith of the Church of God as expressed in

the Statement of Faith. In conjunction with our Motto, “**Answering the Call So That They Can Answer the Call,**” the Institute’s mission is to train men and women to become Christian leaders in their respective generations.

Curriculum and Course Description

BIBLE & THEOLOGY

Bible 101 - An Entry Level Course (*offered free of charge*)

Bible 101 is offered as an entry-level course for young converts and students who are new to Christianity and the Bible. The course focuses on providing basic biblical knowledge and can also be used by any local congregation as their young converts' class. The class will be conducted via a Zoom classroom and offered free to all who register for it. Bible 101 class will be repeated every six weeks.

Biblical Beliefs (co-published as **Biblical Faith**)

This course presents foundational Bible doctrines in a popular, easy-to-understand format. Topics covered in this course include creation and the fall of man, faith and regeneration, justification and adoption, prayer and worship, angels, Satan, resurrection and judgment, and the church.

New Testament Survey

(co-published as **Exploring the New Testament**)

This course brings unity and chronological sequence to New Testament study by weaving the contents of the Books around a central theme—the person of Christ. Divisions are the synoptic Gospels, the Gospel of John, the Book of Acts, the Pauline Epistles in chronological order, the General Epistles, and the Book of Revelation.

Old Testament Part 1 (Genesis–Esther) and Old Testament Part 2 (Job–Malachi)

These two courses, taken together, provide a sweeping overview of God's workings from creation through the books of poetry and prophecy. The textbook entitled "Exploring the Old Testament," is utilized for both courses and includes topics such as the patriarchs, Israel's trek to the Promised Land, David's reign, Solomon's kingdom, the kingdom of Judah, the exile, and the return from captivity. Poetry and prophecy are explored to gain insight into God's dealings with

His people and relate these great writings of the prophets to us today. With a chronological sequence of events, historic and contextual information is readily grasped.

The Triune God (co-published as **The One True God**)

This course covers the individuality of the Father, Son, and Holy Spirit and the biblical teaching of the Trinity. Topics include the character/work of God; the preexistence, incarnation, deity, death, resurrection, and return of Christ; and the personality and power of the Holy Spirit.

You and Your Bible

(co-published as **Exploring the Basics of the Bible**)

Believers should be well informed about the Word of God. This course presents the inspiration and authorship of the Bible, how it was preserved, why we believe it, how we deal with its problems and critics, the role of archeology, and ways to study the Bible more effectively.

Christology

A detailed study of the life of Christ with special emphasis on His nature and work. Also discussing such matters as the Incarnation, the Resurrection, His human and divine natures and their relationship and His suffering, death, and resurrection.

Eschatology

A careful study of the Doctrine of last things including the Rapture and the Second Coming of Christ, the Revelation of the Antichrist and the Great Tribulation, the Millennial reign of Christ, the Great White Throne Judgment, and the end of this world and Heaven.

Ecclesiology

A brief study of the Christian church, the organizational structure, the role and functions of its officers and elders, the Holy Sacraments, ordinances, and the role of the Church in relation to mankind.

MINISTRY SKILLS

Sunday School Ministry: The Church at Study

This course clarifies the traditional purposes, functions, and organization of the local church program known as Sunday School. It covers all aspects of the ministry of bringing children, youth, and adults to a saving knowledge of Jesus Christ, enriching their Christian lives, and preparing them to serve Christ.

Church Educational Ministries: More Than Sunday School

This course provides a panorama of educational ministries in the local church—Sunday School, home Bible studies, summer ministries, retreats and camps, adult education, youth and club programs, children’s church, and missions. It presents each program’s uniqueness, strengths, structure, and resources.

Growing Toward Spiritual Maturity

A strategy for growing toward Christ-likeness must be based on the actual ways that people grow and develop into maturity in Christ. Through identifying and understanding how we grow spiritually, this course will help us to become more intentional in Bible study, prayer, lifestyle choices, evangelism, and spiritual gifts.

Teaching Techniques

This course focuses on the philosophical basis of methodology, looks at current learning theory research from a biblical perspective, and gives practical information on how to select and use various methods, including lecture, storytelling, panel discussion, simulation learning, group discussion, and others. It is a companion volume to the course Understanding Teaching.

Teaching Adults with Confidence

This course is designed to provide in-depth training for those who are teaching the Bible to adults. Course sessions answer the following questions: Why is it important to teach adults? What are the characteristics of adults at various stages of life? How do adults

learn, and how should they be taught? What are the key principles for organizing adult classes? By answering these questions, you can be better equipped to teach adults.

Teaching Youth with Confidence

The challenge to teach today’s teens begins with understanding them as learners. This course defines the climate for learning, developmental characteristics of teens, the current youth culture, and critical issues in youth ministry. It also equips teachers to lead teens to make their Christian faith their own.

Understanding Music & Worship in the Local Church

Written with the layperson in mind, this course focuses on the important role of music and worship in the life of the church. It provides a historical overview of music and worship, biblical foundations for both, and practical instruction on how to renew both within the local church.

Understanding Teaching

A biblical understanding of teaching brings an appreciation for this spiritual gift. Approaching this task biblically involves empowerment from the Holy Spirit, insight into God’s Word, sharp communication skills, and accurate interaction with students. It is a companion volume to Teaching Techniques.

VBS & Other Summer Ministries

The summer months provide time for creative expression of faith, concentrated Bible study, evangelism, and family reinforcement. Traditional Vacation Bible Schools have a new appearance. Other ministries, to all age groups, are giving birth to fresh ideas for spiritual development and boosting attendance.

LEADERSHIP SKILLS

Christian Ethics in a Postmodern World

For the Christian, ethics must be rooted in the absolutes revealed in God's Word to inform and nurture our moral conduct. Followers of Christ must learn to think biblically. A Christian approach to complex ethical topics in the postmodern era challenges us to identify how we relate to culture.

Effectively Leading: A Guide for All Church Leaders

There are a wide variety of areas with which volunteer and professional church leaders must contend today. This course explains the difference between effective leaders and those who are efficient and what this means to the local church.

Perspectives From Church History

(co-published as Exploring Church History)

Written as a basic introduction to the subject, this course covers the four major periods of church history: the Ancient Church, Medieval Church, Reformation Church, and Modern Church. It is designed to give Christians an oversight of their spiritual heritage.

Understanding People

To truly understand people, we must combine the rigorous formal study of developmental issues with our own observations and thorough study of Scripture. As biological, cognitive, socio-emotional, and spiritual ministry implications are addressed for each major age division, this course helps the Bible teacher to work with all ages of people more effectively.

OUTREACH SKILLS

Beyond Reasonable Doubt

(co-published as Evidence and Truth)

Aside from personal faith in God, is there any evidence to substantiate the claims of Christianity? You be the judge! This text is an introduction to the study of apologetics. It will take you step-by-step through the well-documented evidence in support of Christian beliefs and Scripture. Whether a skeptic or a believer, this book will help you reach a verdict—that could very well change your life!

The Truth About Worldviews:

A Biblical Understanding of Worldview Alternatives

In a world where multiple “truths” abound, Christians need to be on their guard to avoid being deceived by ways of looking at the world that directly oppose Christ and His Word. To be prepared, they must be well informed of these other worldviews and how they differ from Christianity. This course analyzes the main world religions, cults, and philosophical systems as worldviews and compares them to biblical Christianity.

World Missions Today

This course offers a historical survey of missions with emphasis on the present worldwide scene, the biblical basis of missions, and the ways all believers can get involved. Every believer's life will be enriched with the knowledge of God's work through His people around the world.

Your Ministry of Evangelism

Evangelism is the mandate for church growth today. This course covers the biblical foundations of evangelism, conversion and regeneration, how to lead a person to a decision for Christ, age-specific techniques, team efforts, visitation, discipling new believers, and the importance of prayer to the overall program of evangelism.
